

# Bedienings-Gereedskap Dag

- Dr Gustav Gous

*'n Oggend waarop drie nuwe metodes en werkwyses bekend gestel word vir gebruik deur dominees en leiers in die gemeentes. Dit kan die bedieningsproses aanhelp, lesse leer oor fondswerwing, en gereedskap in die hand gee vir uitreike buite die gemeente en om bestaande gemeentedele beter te dien.*

# 1. "Get a Life" Lewensbeplanningsmetode.

Ek glo ook in lewe voor die dood!

*Joh 10:10: Die dief in die nag wil steel, maar Ek wil vir jou 'n lewe van oorvloed gee (Vry vertaal)*

*Ps 16:11: Here, u leer my hoe om te lewe.*

**Kort en kragtige inleiding oor die agt areas van lewensbeplanning en die die sewe kritiese vrae wat jy jouself moet vra.**

## 1. Doen dit vir jouself om jou eie lewensbeplanning te doen.

*Dominees kry tot 12 VBO-punte as hulle die voldagsessie op 25 April 2018 in Bloemfontein doen. Stuur e-pos aan [admin@gustavgous.co.za](mailto:admin@gustavgous.co.za) vir meer inligting.*

## 2. Doen die akkreditasie om as 'n "Get-a-Life-coach" op te tree - binne die gemeente en met buitepersone.

12 VBO-punte - datum sal aangekondig word.

## 3. Hoe om "Get-a-life" te gebruik as sendinggereedskap om mense buite die kerk te bereik - sekulêre selgroep.

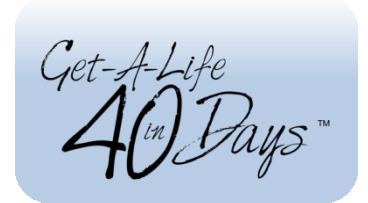

## 4. Nuwe sendingmetode: Waarde-uitruiling - lewer 'n professionele diens.

### Do "Get a Life for yourself": Outcomes: Get a Life day/7-week process:

This is an unique opportunity to actively plan the rest of your life - in one day (eight hours) on one piece of paper (A1), using the "Get-a-life in 40 days Lifestyle Success Journal":

#### Your outcomes:

- Life/Work integration
- new direction, plan the next chapter in your life
- action plans to reach goals, implementation according to priorities
- how to do life-balance,
- finding and living your life purpose in your current life stage
- how to make life choices in the context of an overall life plan
- how to do calamity and recovery management
- and how to determine and manage your legacy in life.

Help others to "Get-a-Life": Get accredited and use it as a tool to reach non-believers.

Herewith more info on the "Get-a-life in 40 days"-method to journey with people:

- The idea is to journey with people, render a real service to help them 'get-a-life' in all aspects, and pull them closer to experience the love of Christ. It is an indirect approach to first help people with their most pressing issues, and in that context, build trust to also fulfil their spiritual needs.
- The best way to describe it, is to call it a **secular cell group** where Christian and non-Christian can participate, to redesign their lives for better outcomes.
- It is written in a secular style (but with Biblical references on every page), to attract the attention of non-Christians/post-Christians, cold Christians.
- It covers every aspect of life (physical/financial/family/community) and leads naturally into talking about and planning your spiritual life too.
- The leader challenges fellow humans, non-Christian friends/colleagues/business partners/fellow interest group- or club members/business teams/exco teams, etc to do the 40 day Get-a-Life challenge with them.
- It is presented in seven week programmes (one to two hours per week). Accredited coaches can run more than one group per week. Dr Gustav Gous presents the one day format workshops.

#### New missionary and funding methodology:

- The most important is that it follows a **new financial model**: It is not a charity tool, but a professional tool rendering real value at cost. As in the business world: Where there is real value, there is no disputing about cost. It is of great value to people to redesign their lives for better outcomes, and people are also willing to pay for follow-up coaching to achieve their goals.
- The older missionary model was that you get financial support elsewhere to do your work in the country where you operate. As the in-house company counsellor for the petro-chemical company Sasol, I developed a new financial model to do missionary work: You render a professional service (counselling/motivational speaking/seminars/group processes/etc), and get paid directly for your work. It obviously asks of the person rendering the service to be really professional. The "Get-a-Life"-tool is such a professional tool, developed over 10 years and tested in different cultures and continents (The USA, UK, Middle East (Dubai/Tehran), The East (Singapore), Southern Africa, etc).
- Where fund-raising is a hard and time-consuming business, the "Get-a-Life"-model is a fresh new approach to help to make called people, financially self-sufficient. It does not have to replace, but can add to your current financing models.

## **Beter fondswerwing en bemarking:**

**Value offering:** How Loving Thy Neighbour meta-charity can assist your church/ charity /projects:

- **A giver/receiver Web space** to profile results (In order to attract more participation, serve your current donor and support base better, and attract new external donors).
- **Digital social media training** (free vouchers to attend business training sessions in 12 social media platforms). A place where you can use one system to load projects, **users and manage enrolments and donations for specific projects / events.**
- Business advice on how to clean up and **best manage your collections and payments.** (The sponsoring company of LovingThyNeighbour is in this business for more than 20 years and they wrote the computer base programs that all the major banks in SA use to facilitate collections and payments).
- An integrated **information management system** where you can see how specific **initiatives** can result greater **participation** and in **growing your collections and donor base.**

*All of the above sponsored by the company Inequity Holdings (incorporating Suretransact and Payteq and Loving thy Neighbour as a non-profit company), as well as huge corporate support from ABSA.*

Loving Thy Neighbour

## Loving Thy Neighbour

**Bied ondersteuning aan alle liefdadigheidsorganisasies & projekte, kerke en opvoedkundige instellings.**

- **A gewer/ontvanger Webruimte** waar resultate gewys kan word (om meer donateurs te trek, betrokkenheid te kry, huidige donateurs en donateurs beter op hoogte te hou). Hier kan jy projekte oplaai en donasies en betrokkenheid vra.
- Donateurs sien 'n spyskaart van goeie projekte, wat hulle volgens hulle eie fokus, kan ondersteun.
- **Digitale sosiale media opleiding** (Gratis bywoning van professionele besigheidseminare oor hoe om jou goeie werk op 12 sosiale mediaplatforms te bemark).
- **Besigheidsadvies** hoe jy jou **verhalings** (aftrekorders, ens) en **betalings** beter kan bestuur (LovingThyNeighbour is die liefdadigheidsarm wat vir meer as 22 jaar al die banke se transaksieplatforms programmeer en verhalings en betaling op die nutse maniere fasiliteer ).
- 'n **Totale Informasie bestuur sisteem** waar jy resultate kan sien oor hoe bemarking (boodskapvloei ) vertaal in betrokkenheid en meer donasies (geldvloei), met goeie verslaggewing en statistiek aan die leierskap en finasiele bestuurder.

### **LovingThy Neighbour kan vir jou :**

- Wys watter goeie projekte daar is om te ondersteun.
- Jou eie liefdadigheidsorganisasie help bestuur met die ondersteuningsplatform.
- Jou gunsteling liefdadigheidsprojek ondersteun.
- Krisisprojekte ontwerp wat noodleniging doen.

## Die '10-punt 2-ring' plan vir 'n gelukkige huwelik. Gee mekaar die regterhand, gee mekaar die ringe. ©

Saamgestel deur dr Gustav Gous

Hierdie metode vir huweliksvoorbereiding, -verryking en selfhuweliksberading, is die resultaat van omgekeerde sosiale ingenieurswese. Na meer as 25 jaar se huweliksberading, oa as die in-huis berader van Sasol, het Gustav gaan sit (ook na 'n kwota persoonlike ervaring!) en die 12 sake geïdentifiseer wat na 10 of 30 jaar se getroude lewe, die tipiese probleme is wat op sy tafel beland het.

Die goue draad tussen al hierdie temas was dat alles te doen he met **verwagtinge** (oor geld, seks, getrouheid, kommunikasie, skoonfamilie, ens), wat of teleurgestel is, of gesamentlik vervul is deur toegewyde werk aan 'n huwelik. Die groot fout was dat hierdie verwagtinge nooit uitgeklaar is nie. Al die tyd is bestee aan die voorbereiding vir die huweliksdag en bitter min tyd en geld aan die voorbereiding vir die jare daarna.

As paartjies wat wil trou, al die verwagtinge wedersyds uitklaar en hulle verbind om dit waar te maak, sal huwelike soveel beter wees. As jy trou, gee julle mekaar die regterhand (10 vingers) en ruil twee ringe uit. Om dit maklik 'onthoubaar' te maak, het Gustav dit die "10ding 2ring-plan vir 'n gelukkige huwelik" genoem. En tot sy skok uitgevind daar nog 'n 13e punt ook is wat nêrens inpas nie...

Waar dit aanvanklik ontwerp is vir huweliksvoorbereiding, het al meer ou getroude pare dit gebruik om sake wat hulle jare gelede nooit uitgeklaar het nie, nou uit te klaar. Dit is nooit te laat nie. Dit word ook gebruik vir voorbereiding van tweede huwelike.

**Gebruik dit eers om jouself te help en dan om ander te help:** *In hierdie sessie gaan ook gedeel word oor hoe jy hierdie handige stuk gereedskap kan gebruik, in huweliksvoorbereiding en berading. Dit is nie 'n boek nie, maar 'n gespreks- en werksdokument - 'n unieke proses.*
