PO Box 382  
Cnr Oxford & Stewart St's  
Te Puke

Dear colleague

Greetings from St. Andrews Presbyterian Church in Te Puke, New Zealand.

I am the minister at St. Andrews and I am formerly from South Africa where I have been ministering in the Dutch Reformed Church.

Prior moving to NZ I have been involved in supporting evangelism and church planting projects in Belgium for many a years. I have supported the BEM, VEG, ECV and the ETF in Belgium.

I am currently seeking congregations that are in some or another way involved in ministry in Belgium. This may enable me to work alongside already established networks or may become involved in a Hub of denominations and churches working for the better of Belgium. I simply believe that it is not clever to re-invent the wheel (so to speak), but to be able to align with those that are already in an established ministry.

Is it by any chance possible to share such contact details of congregations, network initiatives or ministries from your specific denomination with me to enable me to establish some kind of connection with those already functioning initiatives?

This will be much appreciated and I do thank you for your time and trouble in this regard.

Many blessings

Rev. Dr. Mario Weyers
